

The official source for Jesuit High School textbooks is [www.myschoolbookstore.com](http://www.myschoolbookstore.com). Regardless of where you choose to purchase your books, it is the student's responsibility to have his textbooks by the first day of class each semester. If parents or students choose to purchase or sell textbooks privately, Jesuit High School is not responsible for issues that might arise, such as the purchase of the wrong edition or a discontinued book. If you have a question about a particular book or edition, please email Mrs. Wagner at [Margie.wagner@jesuithighschool.org](mailto:Margie.wagner@jesuithighschool.org).

Please verify the ISBN number when purchasing books. Some titles have changed edition number and you can only be assured of the correct book by the ISBN. If you have any questions about the ISBN number, please email Mrs. Wagner at [Margie.wagner@jesuithighschool.org](mailto:Margie.wagner@jesuithighschool.org).

Many of our required readings are in electronic format and will be accessed through the iPad. However, not all the publishers have formatted their books to an electronic format so they are not all available electronically at this time. Until there are more ebooks available that fit our needs, we will be using a combination of ebooks and traditional books for our classes.

The books are identified on the booklist as traditional, ebook or ibook.

- Ebooks will require an access code from the publisher and need to be purchased through [www.myschoolbookstore.com](http://www.myschoolbookstore.com). We will provide the access code for that title to your son in class the first week of school. Please make sure to print your receipt.
- iBooks are available from the iTunes store. You will need an Apple ID and a payment method to purchase these books. They will download directly to your son's iPad. Acceptable devices include any iPad except the first generation iPad. 1st generation iPads lack the ability to print, have no camera or gyroscope (for science experiments) and are notoriously "buggy" when it comes to connecting to enterprise class WiFi. Acceptable devices include: iPad 2, the 3rd or 4th generation iPad, and the iPad mini.
- All the titles listed below that will be purchased online have a link to the correct book. Those ebooks that need to be purchased from [myschoolbookstore.com](http://myschoolbookstore.com) will be directed to that website and you will need to follow the directions provided on their site.
- Additional novels and apps will be announced.
