PLEASE READ!

The Jazz Band consists of 20 individual parts and players. Every part is important and *not* interchangeable. Many hours go into rehearsal and preparation. This band is no different than any sports team, however there are not multiple players in each position. If one person misses a performance, it will definitely have a negative impact on that performance. The JHS Jazz Band strives for excellence and has developed the reputation as a top notch ensemble. Please check this schedule carefully and realize that the commitment you've made is binding and important.

Thank you!
