

# WORLD LANGUAGES

At Jesuit High School we believe the best way to explore the world is to communicate with others in their native languages while exploring other lands and experiencing different customs. We strive to ensure that all of our students attain proficiency in another language and grow to value and appreciate other cultures.

We offer four years of French, Spanish, and Latin. JHS Students are required to successfully complete three years of one world language or two years each of two world languages and are strongly encouraged to study four years of one world language. Students can further their cultural and language experiences through involvement in any number of student-centered clubs and international travel opportunities led by World Language faculty members.
