Campaign for the **Black Box** Theater

JesuitHighSchool.org/Encore

JESUIT **Encore!**

Campaign for the **Black Box** Theater

As you sit in the intimate setting of the Black Box Theater, you feel a shared experience with the actors on stage. You have not only been the audience, you have also been a catalyst for growth of the Jesuit drama program which began in the Little Theater. Through your enthusiastic support, our thespians have expressed their creativity in many ways—with original productions and unique perspectives to classic works. This is because our program is the container that holds the magic.

Now it is time for new growth as we embark on the Encore Campaign.

In celebration of the 20th anniversary of the Black Box, we come together to look back and honor those that have walked this space and look forward to what is yet to come. Collectively—actors, stage managers, tech, lighting crews, set designers, program greeters, ushers, musicians, costume designers, and you, our audience—bring Jesuit excellence every time the curtain goes up.

We invite you to enthusiastically applaud and help provide “an encore” as we give our theater space a refresh. Your support will provide new seating, update interior finishes and create the visible presence our Black Box deserves. Your donations will highlight our storied history, promote our current productions and enhance the audience experience.

On behalf of all of us involved in Jesuit Drama, thank you for your support!
